### **Break:**

One and three go forward, back to the ring you go

Star through, California twirl, then go right and left through you know

Well, turn the girl, dive through, and then you square through

Four hands around in the middle of the ring, U-turn back, and then

Star through, left allemande, do-sa-do your own

Swing your little Cindy, well, git along home I say

Git along home, Cindy, we'll swing a bit today.

### **Figure:**

One and three right and left through, turn 'em cross the track

Sides divide, line up four, go forward eight and back

Hey! Opposite box the gnat, right and left through on back

Turn the girl, cross trail, swing that corner girl (original partner)

Join hands, circle eight, go walkin' 'round the ring

Whirl away, swing the next, then you promenade, sing

Git along home, Cindy, well, git along home I say

Git along home, Cindy, we'll swing some other day.

### **Alternate patter:**

Git along home you do, then he'll swing with you

Git along home you go, then swing a brand new beaux

Git along home I say, we'll swing some more today, etc., etc., etc.
